

A history of everything you copy

Clipboard allows you to track and organize everything you copy. Instantly access your clipboard on all your devices.

- Download for iOS
- Download for Mac

Keep track of your snippets

Clipboard instantly stores any item you copy in the cloud, meaning you can access your snippets immediately on all your devices. Our Mac and iOS apps will help you organize everything.

Quick Search

Easily search your snippets by content, category, web address, application, and more.

iCloud Sync

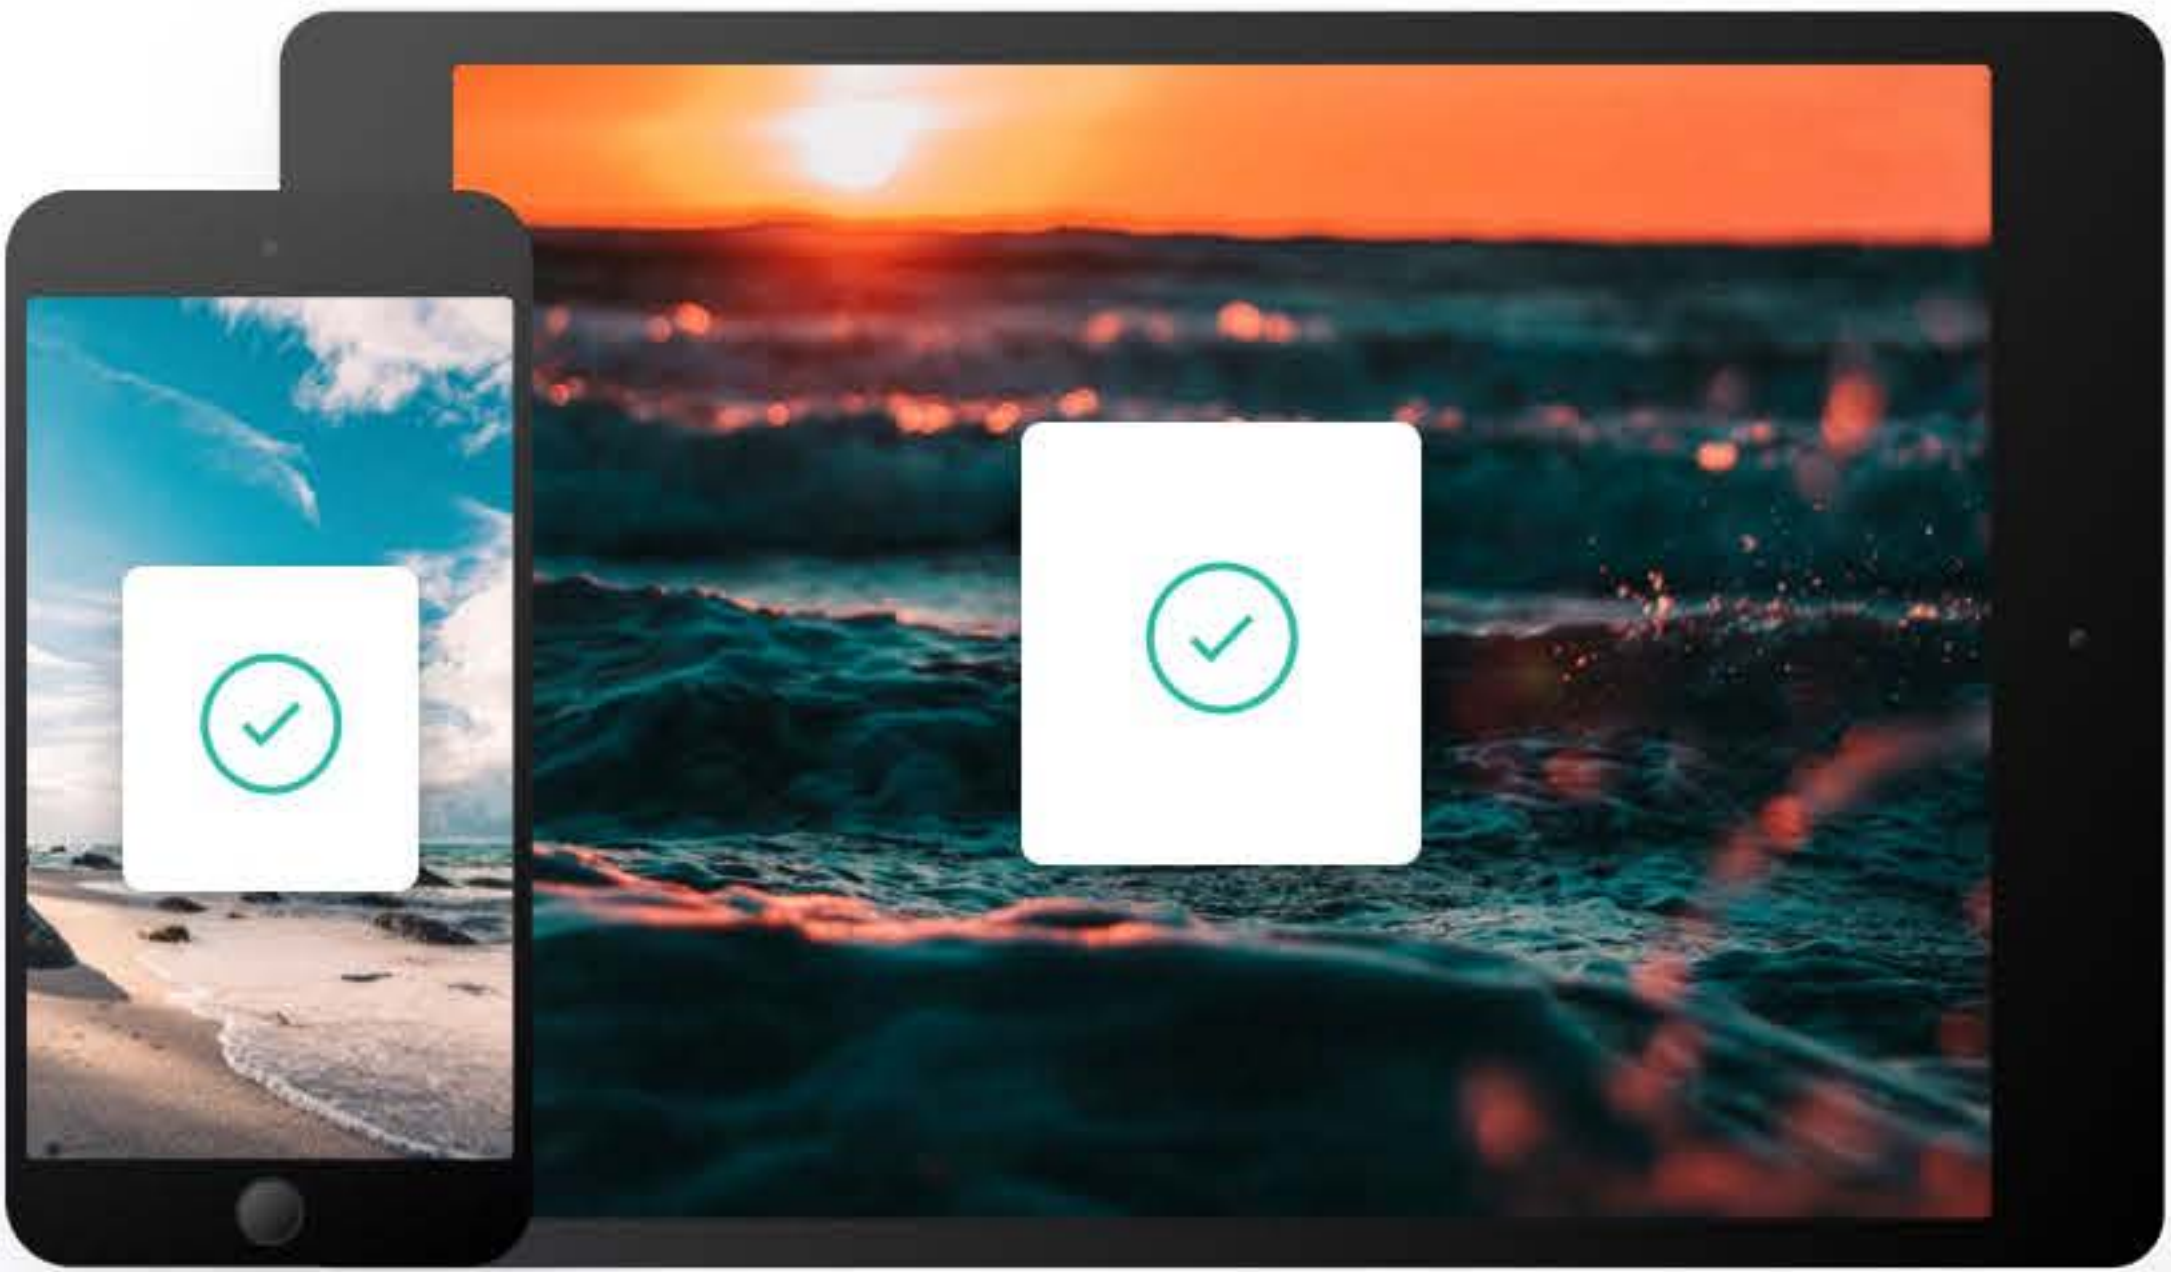

Instantly saves and syncs snippets across all your devices.

Complete History

Retrieve any snippets from the first moment you started using the app.

Access Clipboard anywhere

Whether you're on the go, or at your computer, you can access all your Clipboard snippets in a few simple clicks.

Supercharge your workflow

We've got the tools to boost your productivity.

Create blacklists

Ensure sensitive information never makes its way to your clipboard by excluding certain sources.

Plain text snippets

Remove unwanted formatting from copied text for a consistent look.

Sneak preview

Quick preview of all snippets on your Clipboard for easy access.

Clipboard for iOS and Mac OS

Available for free on the App Store. Download for Mac or iOS, sync with iCloud and you're ready to start adding to your clipboard.
